## SHIPPING INFORMATION

**PARCEL POST SHIPMENTS:** On all articles for which you pay shipping charges, the shipping weight is given in the catalog description. Enter the total shipping weight for each article in the shipping-weight column of the order blank. Add the pounds and ounces, then change ounces to full pounds (16 ounces equals 1 pound), and enter total weight in pounds. The postoffice counts fractions of a pound as a full pound and charges postage accordingly. For example: If your order totals 6 pounds and 30 ounces, allow postage for 8 pounds (30 ounces equals 1 pound and 14 ounces, therefore 1 pound 14 ounces plus 6 pounds equals 7 pounds 14 ounces).

See chart at right. If you live in Zone 3 or within 151 to 300 miles from Mail Order House, the amount of postage to allow for 8 lbs. is 60c. If you send more money than is needed to ship your orders, we will refund every cent not used.

**FREIGHT OR EXPRESS SHIPMENTS:** It is not necessary to send money to pay for freight and express shipping charges in advance. You pay shipping charges to agent at your freight station when goods are received. However, if there is no agent at your freight or express station, please include additional money with your order to prepay shipping charges. While express is faster, freight is the most economical way to ship heavy, bulky merchandise. Before marking method of shipment on order blank, compare freight and express rates on green pages of your Sears big catalog.

**TRUCK SHIPMENTS:** Not all trucking companies make deliveries to a home address. This can be verified by checking with your trucking company's local agent.

If shipment is to be made to your home and you live outside of town,

also give your highway route number and some identifying landmarks.

It is not necessary to send money to pay for truck transportation charges on your order. You pay shipping charges to truck driver when goods are received.

**HOW TO SEND MONEY:** The best way to send money is by postoffice money order, express money order, or by bank draft or check. The mail carrier will buy a postoffice money order for you if you live on a rural route. It is better not to send coins or paper money with orders, but should it be necessary, be sure to send your order by registered mail.

Two freights thunder over same track . . . never collide

*Giant track system has 3-dimensional mountain with tunnel and  
overpass for fascinating, simultaneous over-and-under train operation*

## THIS SET SOLD ONLY AT SEARS!

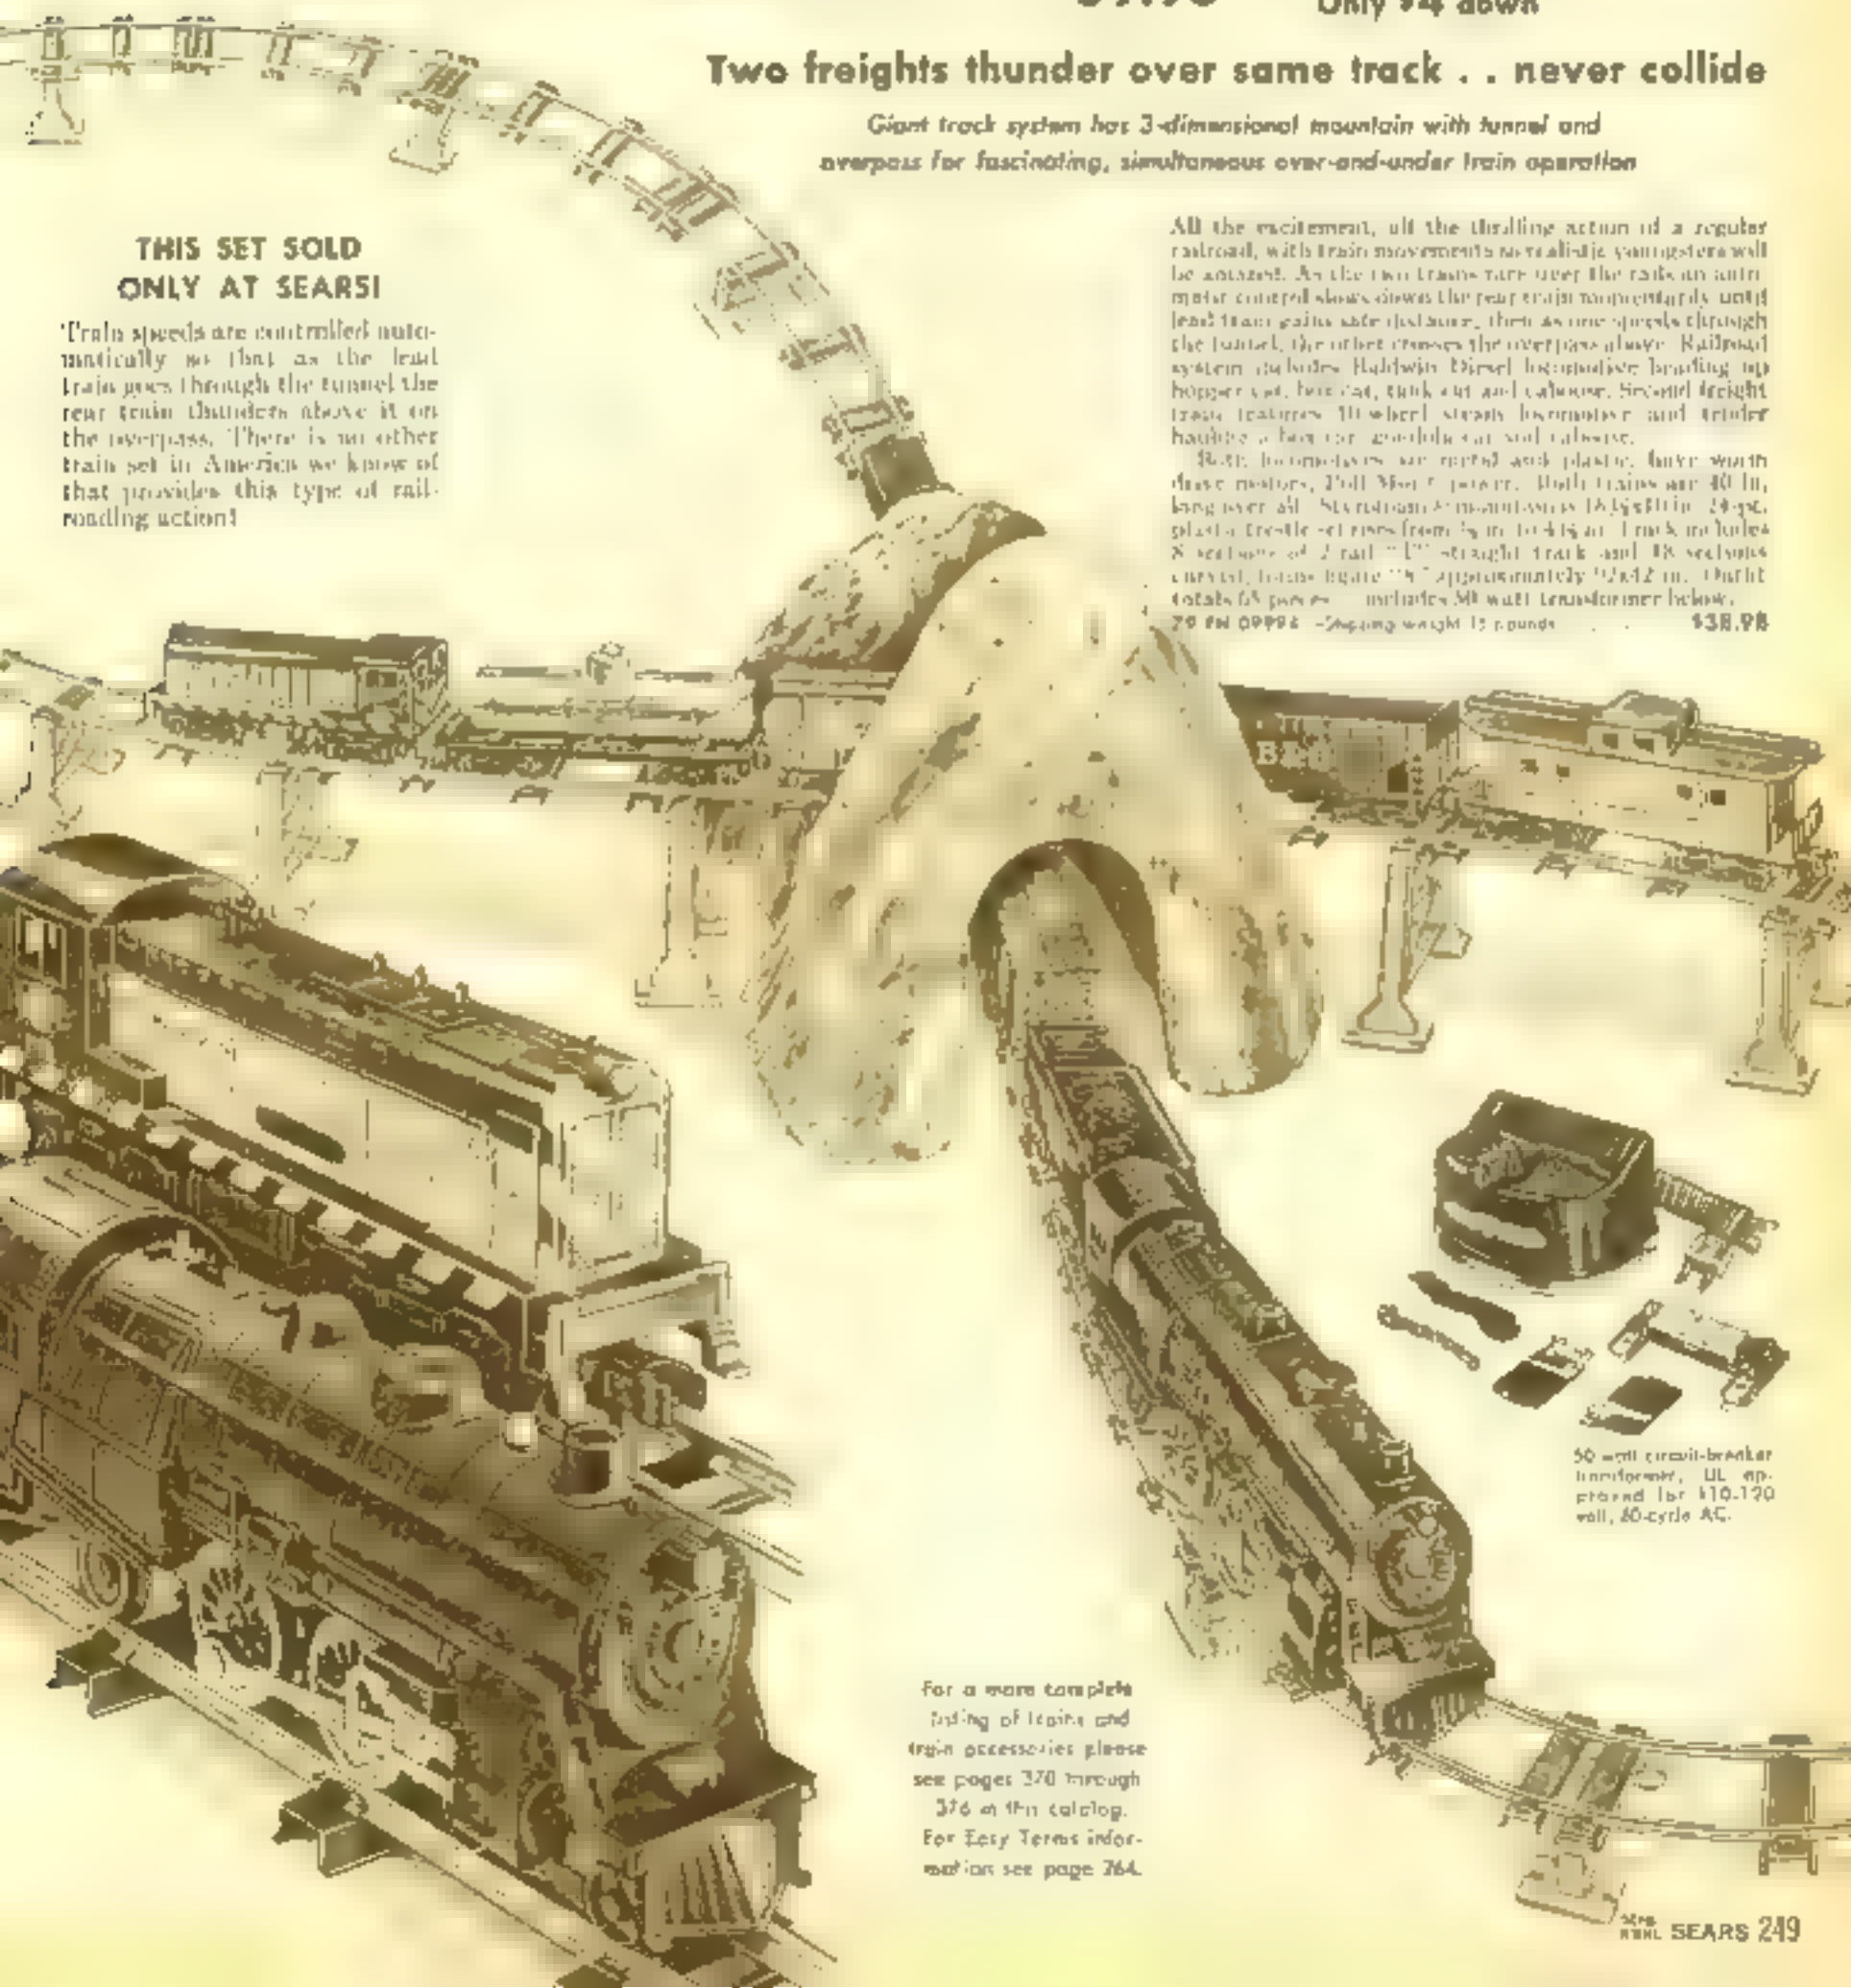

Train speeds are controlled automatically so that as the lead train goes through the tunnel the rear train thunders above it on the overpass. There is no other train set in America we know of that provides this type of rail-riding action!

All the excitement, all the thrilling action of a regular railroad, with train movements so realistic youngsters will be amazed. As the two trains race over the rails an automatic control slows down the rear train momentarily until lead train gains safe distance, then as one speeds through the tunnel, the other crosses the overpass above. Railroad system includes Baldwin Diesel locomotive leading up hopper car, box car, tank car and caboose. Second freight train features 10-wheel steam locomotive and trailer hauling a box car, gondola car and caboose.

Both locomotives are metal and plastic, have switch drive motors, 1000 Mv. 7 power. Both trains are 40 in. long over all. Scenic mountain is 16 1/2 x 11 in. 24-sec. plastic trestle set rises from 1/2 in. to 4 1/4 in. Track includes 8 sections of 2 rail "L" straight track and 18 sections curved, turns right "R" approximately 1/2 x 1/2 in. Unit totals 65 pieces - includes 30 wall transformer below.

# For Extra Services . . . For Extra Savings

Shop at Sears Catalog Sales Offices or Retail Catalog Sales Depts.

Phone your order by calling the Catalog Sales Office or Retail Catalog Sales Department nearest you as listed below. Your telephone orders are given the same prompt and careful attention as orders placed in person. Simply give our sales clerk the catalog number, description and price of the merchandise you want. Ask about our money-saving "will-call" service. Sears convenient phone service saves you time and effort . . . it's the easiest way to shop.

Phone your Easy Payment orders too. Just give our phone clerk your account number when adding on to your account. If you want to open an account, ask our phone clerk for details.

If you prefer to shop in person, visit our Catalog Sales Office. See the interesting merchandise displays and ask to see our story (watch) books which help you to select women's apparel, yard goods and fabrics. The personal service in our Catalog Sales Offices and Retail Catalog Sales Departments will make your shopping easier and more economical. Our salespeople are ready to answer your questions . . . help you make poor selections, take necessary measurements, write and mail your order saving you letter postage and money order fees. Many Sears Catalog Sales Offices offer the services of a Home Service Representative. He will help you with estimates on remodeling work, demonstrate our merchandise and show you samples.

You can save on postage charges on mailable items by picking up your order at Sears Catalog Sales Office or Retail Catalog Sales Department rather than having your order mailed direct to your home. We group-ship packages from our mail order house in Philadelphia for rush delivery to our Catalog Sales Offices and Catalog Sales Departments and pass this saving on to you. And you pick up orders at your convenience. Try it today and see how much you save. Remember, too, that size and weight limitations established by the Post Office do not apply in Sears catalog orders picked up at any of our Catalog Sales Offices or Catalog Sales Depts.

The next time you shop, use Sears handy telephone ordering service . . . for the number to call, look below and on pages 262 and 263 for your convenient Sears location

## How to figure Parcel Post charges

Packages weighing up to 70 pounds and measuring not more than 108 inches in combined length and girth can be sent by Parcel Post in all parcel post zones, except when mailed at a first class post office and addressed for city delivery to another first class post office.

Parcel Post weight limits on packages mailed between first class post offices and addressed for city delivery are 49 pounds to the local, 1st and 2nd zones, and 20 pounds to Zones 3 to 8. The size limit is 72 inches length and girth combined.

Figure postage on total weight of order. The shipping weight of each article is given in the catalog description. When you write your order add the pounds and ounces and change over to full pounds (16 ounces to a pound). Then show the total weight in pounds. When figuring postage on packages weighing more than one pound, the post office counts a fraction of a pound as a full pound and charges postage accordingly.

If you don't know what parcel post zone you are in, refer to table at right or ask your mail carrier or postmaster.

## How to order

Shop through this catalog now. List all the things you want on one of our order blanks. However, if you don't have a Sears order blank handy any plain paper will do.

Please be sure to print or write plainly your full name and complete address, including rural route and box number if you live on a rural route. Then give us the catalog number, quantity, name of each item, color, size, price, shipping weight, and any special information or measurements a clerk for in the description of the item you are ordering. Add the shipping weights of items you are ordering, and change ounces to full pounds (16 ounces to the pound).

Refer to parcel post rates above for amount to include in your remittance for postage, as postage must be paid on parcel post packages before we can ship your merchandise. If you send too much, your extra will be promptly returned to you. You pay only the exact postage needed to ship your order.

The best ways for you to send money are by post office or express money order, or by bank draft on check. Your mail carrier will be glad to purchase a post office money order for you if you live on a rural route. You can also obtain a money order at your post office or from the local express agent.

## Important about prices

If the price of any item in this catalog is reduced in another current catalog, we will fill your order at the lower price and return every penny of the difference to you. Regardless of which Sears catalog you order from, you always get the benefit of the lowest current catalog prices. We believe that Sears prices save you money and always give you the greatest possible value.

Prices in this catalog apply only to orders placed by mail, telephone, telegraph or at the Catalog Sales Department in a Sears Retail Store, at a Sears Catalog Sales Office, or in one of Sears Affiliated Stores.

Should the Federal, State or Local Governments increase or impose additional taxes after this book goes to press, we reserve the right to add such taxes to the prices shown. On the other hand, if any existing taxes are reduced or terminated while this catalog is in effect, we shall adjust our prices accordingly.

## C.O.D. mail orders

Unless there is a real need for C.O.D. service, we urge you to enclose money order or check with your mail order. Thus avoiding the extra expense of shipping C.O.D. which would cause you to lose part of the savings in buying by mail from Sears. On parcel post C.O.D. shipments, in addition to the price of the merchandise and parcel post charges, you pay a C.O.D. collection fee which is an extra charge the post office makes for handling C.O.D. shipments. The post office also charges you a fee for order or for forwarding payment to it.

We do not ship C.O.D. orders for merchandise that is cut, engraved, printed, or made to special order, for merchandise that is shipped direct from one of our factories, for merchandise to be shipped to foreign countries, for merchandise to any one other than the person signing the order, for seeds and perishable goods.
